Minibus Awareness & Training Scheme

KBDT delivers bespoke programmes to schools, colleges, universities, care homes & other organisations throughout the UK.

The comprehensive training modules, for both drivers and passenger assistants, include Health and Safety, Licensing, Passenger Care, Legislation, Accessible equipment and Emergency Procedures.

Through training and assessment, the course promotes the safe transportation of passengers in minibuses, which provides confidence and reassurance for all users and fulfils an organisation's duty of care

About KBDT Instructors

KBDT use fully qualified Driver & Vehicle Standards Agency (DVSA) Instructors who are also on the DVSA voluntary Fleet Register, trained in coaching Safe And Fuel Efficient (SAFED) driving techniques.

Our Instructors have a wealth of road safety experience and knowledge and are also able to advise on other driving related issues that may arise when they attend your organisation.

You may also call our head office who can deal with any questions you may have.
